

# Rental Income & Expenses Tax Organizer

Please bring completed 1098s showing mortgage interest and property tax paid to your tax appointment.

Fill out one worksheet for each rental unit.

**For new clients only:** If you are a new client, we'll need information about prior depreciation. Please bring the depreciation worksheet from the previous year's tax return. If you converted the property to a rental this year, we'll need to know what you paid for it originally, when you purchased it, and the fair market value of the property at the time of conversion.
